LINDENBERG is looking for a HOST in FRANKFURT

FRONT OFFICE AGENT with
FLEXIBLE WORK SCHEDULE

LINDENBERG was founded in 2012. Starting with the vision of a small communal living community, the company has since opened five houses and has been pursuing the dream of exceptional hotel concepts that are not only established by unique locations or a sustainable and vegan approach but instead consider all matters related to social and ecological responsibility as a given.

|

A NEW HOSPITALITY APPROACH. There is no barrier between guest, host, and collective. We are an internationally growing company in vibrant Frankfurt, on a black sand beach in Bali, and soon on a small island in Norway. Our work focuses on unique guest experiences, exceptional concepts, and our own **LINDENBERG** team.

|

MINDSET Contemporary living culture, a strong sense of community, sustainability, culture, and design are not the only important factors. Programs initiated by ourselves and strong partnerships are brought to life through the great commitment of our teams, whether through the **NGO PEPPERMINTGREEN**, which has exemplary projects in Sierra Leone and Ethiopia, or the **LOST BUNCH**, which supports children and young surfers in Indonesia with new perspectives.

The **LINDENBERG COLLECTIVE** is hiring! Are you friendly, open-minded, and able to turn a dissatisfied complainer into a regular guest with your communication skills? Perhaps you are a colourful butterfly or have been a solo entertainer before? You want to make the world a better place, and, moreover, you always have an open ear for improvements and guest requests—great! Then we look forward to your application!
